ART AT BEDGROVE INFANT SCHOOL

The ability to use visual language skilfully to express emotions, interpret observations and convey insights

- Use of language such as line, shape, pattern, colour, texture and form confidently
- Providing opportunities to experiment with a range of media independently to gain confidence in speaking about their experiences
- Replicate art gallery environments and sessions in which pupils can discuss and describe their work and the work of peers

adventurously

- Experience drawing from observation, memory and imagination
- Use a range of media to master techniques, developing a skillset that facilitates ideas being communicated

Knowledge and understanding of a range of artists and designers

- Study the work and lives of artists with the ability to describe their work
- Opportunities to use ideas and replicate techniques of artists studied to create artistic pieces of work
- Create individual pieces of work that show a range of influence and styles

A passion for the subject and individual progression

- A well thought out spiral curriculum which enhances pupil knowledge and ability year on year, and allows them to develop a love for art
- Access to a range of resources that gain pupil interest within structured sessions and independent learning time
