F2 Purple Projects:

Starting from this half term, we are excited to introduce Purple Projects for you to enjoy with your children. As we are an Infant School we do not feel mandatory homework activities are appropriate, but do appreciate some families wish to extend their child's learning at home. These projects are optional and are designed as extracurricular activities that complement your child's learning at school.

Across the school, this half term we are learning about People. In Foundation 2 we explore our family tree.

We have created a list of optional activities that you can do with your child to support their learning.

Purple Project 1: Send picture on Seesaw of you and your family for our Family Tree

Purple Project 2: Family check list: baby, toddler, child, teenager, adult, elderly (PDF attached). Children to use the check list and discuss the people in their family and the different life stages they are. Can they tick every stage of life?

Purple Project 3: Do something special with a special person. Go on a walk with a member from your family and see if you can collect natural resources such as conkers, acorns, pine cones and bring this into school.

Share photos from your projects and send them to us via seesaw. We are looking forward to seeing what you have explored this term.

Have fun!
